Dealing with Excuses

If you're finding it difficult to get active through walking, the following tips will help.

Excuse Number 1

"I just don't have the time in a day to walk"

Our Advice!

It's only takes 30 minutes of your time to do a walk that will help to maintain your health. Just go out the door and walk, there is no extra time needed to travel to a venue or to prepare.

Try to fit walking into your daily routine or use it as an opportunity to meet a friend and catch up. Let family and friends know about your plans and ask them to support you to stick with the routine.

Excuse Number 2

"I'm really unfit and I never walk"

Our Advice!

Walking is one of the easiest ways to get active. You can set your own pace and length of walk. Over time you can gradually increase this.
